Item: 5

Information

Summary:

Information

Details:

All technical aspects of competition will be under UCI regulations.

Teams are reminded of the CGA advertising restrictions, known as Regulation GFS10.

The specifics of GFS10 can be found on page 19, 20 and 21 of the CGA Team Leaders Guide.

Each day the track is open for warm up, 2 hours before the first session and during the period between sessions. The track will close 10 minutes before the advertised start time of each session.

Any rider replacements must be notified to the Secretary at the latest by 3pm the day before. Be very aware, this is only for replacement riders. Teams must have a participant in the races they have confirmed a starter for.

Changes to a Teams Pursuit must be notified at least one hour before the event begins.

Changes to a Teams Sprint must be notified at least 30 minutes before the event begins.

A separate series of numbers will be distributed prior to the Points Races.

All bikes will be checked prior to every event. Be timely, as there will be no exceptions.

You are reminded that road bikes are not permitted on the track.

The use of headphones, iPods etc is not permitted while riding on the track.

A reminder that the ramps and stairs are not for spectating or for storage of equipment. As a safety requirement these areas must be kept clear.

Riders are required to leave the track on the back straight and must transit the mixed zone before returning to the team box.

We will be governed somewhat by the TV schedule, so be aware that at times we may have to slow proceedings.
